Making the presentation is Fred Shipper (L) Lions C.N.I.B. chairman and club president Neil White at a ladies' night in the Cardium Room last Tuesday evening.

ROUTINE AGENDA FOR TOWN COUNCIL

Progress of the Senior Citizens home project was discussed at the regular meeting of Town Council, held on November 10th.

Develpment Committee Chairman R. Mayhew reviewed progress on the home and reported that technicalities appear to be completed and it is expected that construction will get underway sometime in December.

The secretary advised that application forms had been received for the make work program initiated by the Federal Govemment in October.

Concensus of Councillors seemed to be that it would be a poor policy to undertake a project of some sort simply to qualify for aid. Service Clubs and organizations will be advised, however, of the availability of federal assistance, in case a worthwhile project is under consideration and might qualify.

Council approved the re-appointment of Mr. Don Vanstone as Industrial Development Coordinator for the town.

Shorter pipe lengths than had been anticipated at the time of tenders occasioned a request by Patrick Pipe Line Ltd. for an upward revision of installation costs. Negotiations finally arrived at a price of $1.15 per lineal foot, 40¢ more per foot than the contract price.

An offer from the Retail Merchants Association to put up $250. to match a like amount from the town to improve the Christmas lighting display, was considered and agreed to by council. Additional lights and decorations were to be ordered to augment the present supply.

By-law No. 554 concerning the discounts and penalties policy of the town received two readings. The by-law will do away with all discounts completely and penalize those who are late with payments of property taxes.

Penalties for late payment will commence in August of each year at two percent and increase monthly to six percent in December. After December the penalty will increase to eight percent.

The Catholic Womens League, by letter, requested accommodation for a paper salvage depot. Council discussed the request and directed that the letter be acknowledged advising that the town has no facilities for such a depot at the present time.

Following a report from the Town Engineer on the state of the water truck used in town operations, he was requested to prepare a report on possible repairs or alternative.

The town communication system, including police equipment, is to be investigated with a view to improving the present situation.

Council approved a grant of $100.00 to the Cardium Rock and Gem Club for the purchase of a trim saw for the use of club members.

SUB-MITS

FROM THE ELEMENTARY SCHOOL

The big move is now history and looking back over the past several weeks, the staff and students recognize the purpose, that was behind, what seemed to be almost chaotic activities. All are now getting settled and unpacking in different facilities. As with all moves many things had to be left behind. Much equipment, audio-visual, science and library will continue to be shared until a duplicate set can be obtained.

Just to review how the Elementary School is set up here is the break-down. The school telephone number is 542-3544. Grades 1, 2 and 3 are in the school at the lights. Mrs. Oake's and Miss Bolstler's grade four classes are there also. The rest of grade 4, 5 and 6 are in the old Junior High. Perhaps this is an appropriate time to suggest that these buildings should be named. Any suggestions?

Parent-teacher interviews will be announced later. If you are unable to come at the time sch scheduled, would you contact the school for a new appointment.

Excitement continues to be the order of the day as all classrooms prepare for Christmas Programs. Grades 1, 2 and 3 will present their's on the evening of Tuesday, December 14th. Grades 4, 5 and 6 will have their's on Thursday, December 16. The school choirs will also take part in a Community Program on Saturday, December 18th. Please keep these dates open. It is the first time in many years that such an ambitious program has been planned.

And finally, an apology. Now that the teachers are back under two roofs, perhaps this column will appear more regularly.

Rebels Win Third Game At Barrhead

The Rebels bombed Stettler 13 to 4 Saturday, November 20. Henry Hodgson led the Rebels with 5 goals and 3 assists. Sam Belcourt scored 3 goals. Sunday the Rebels travelled to Barrhead and downed the Sabers 6 to 4. Henry Hodgson and Sam Belcourt collected 3 goals a piece.

The Rebels travel to Fort Saskatchewan Tuesday for their first league against the Huskies.

First Aid to Be Taught

In order to facilitate compliance with provincial regulations that require workmen with first aid knowledge under certain circumstances, the Workmen's Compensation Board has scheduled a number of courses at various locations throughout the province.

A class will be held in Drayton Valley at the Amoco Canada Safety Hall on November 29 and 30 and December 1, 2, 6, 7, 8 and 9. Classes will be held from 7:30 to 9:30 p.m. each evening.

New Store Officially Opened

Ted and Mary Schuman hold the ribbon being cut by Mayor Lloyd MacLean to officially open the new Drayton Teen Centre in the hotel building on Friday, November 19th.

Good Crowd For Successful School Concert

A musical evening was held Saturday evening in the old Frank Maddock High School by the Frank Maddock High Concert Choir, Drayton Valley Junior High High Grade 7 Music Class and the Drayton Valley Community Band all under the capable direction of Mr. A. Pierce. Mr. Pierce is the new Musical Director of the Junior High School.

The concert "Farewell and Welcome" was in commemoration of the Grade 10, 11, 12 pupils leaving the old school for their new place of learning, and the junior high moving into the old school. Approximately three hundred and fifty parents and children were present for the occasion. Mr. A. Lepp, chairman of the Drayton Valley Community Band, acted as master of ceremonies.

A wide varied program was thoroughly enjoyed by the people present. A two-act musical "Along the Trail" was performed by the Grade 7 Music Class with the set made by Mr. Pierce's Grade 9 Arts and Craft class, the stagecoach designed by Royce Baird. The Frank Maddock High Concert Choir, accompanied by Mr. Pierce on the organ, sang many favorite spirituals, old English songs and selections from popular musicals. The Drayton Valley Community Band also played a variety of music and thoroughly enjoyed.

An impromptu organ selection was performed by Mr. Pierce, in which he displayed his mastery of the keyboard.

Plans are now underway for the Annual Choral Festival which has been planned for the 18th of December.

UNICEF Drive Raises $194.15

The annual U.N.I.C.E.F. drive in Drayton Valley realized $194.15. The committee extends thanks to all the children who collected and the generous parents who filled the boxes with about 65 pounds of change!

D. V. Highlights

BY MRS. EDITH DEBY

The Dunington Ladies Group is having whist parties every two weeks again this winter. Winners for the evening of November 13 were: High, Pauline Smithinsky and Albert Grinde; Low, Joyce Smithinsky and Robert Hewlett. Draw for the quilt raffle was made with Mr. Brennan holding the lucky ticket.

It is good to know that Mrs. Hewlett is feeling much better.

Mrs. Allan Smith, of Norman Wells, has been visiting her mother, Mrs. Anne Look, for a week.

Mr. Henry Dunington is resting is hospital after having had an operation on his hand.

Sympathy is extended to Mr. Frank Novosel whose father passed away recently.

Dr. and Mrs. Lewis are looking forward to the Christmas season with pleasureable anticipation. Not only will their son, Andrew, be home from boarding school but Dr. Lewis's parents will be coming from England for a visit.

Mr. and Mrs. Milt Jensen are the proud grandparents of twins. Mr. and Mrs. Jack Carlson, nee Jackie Jenson, have an infant son and daughter.

Funeral services were held in Edmonton on November 19th for Mr. Gunnar Neilson, of Redwater formerly of Drayton Valley. Mr. Neilson has been in poor health for the past several weeks.

Douglas Smith and Alister Waugh left last week for Australia. Doug wrote to his parents, Mr. and Mrs. Ron Smith, just before the boys' plane left Vancouver and both lads were in high spirits.

Speaking of high spirits we had a short chat with Howard Ganske the morning after he attended the "warm up party" for the Grey Cup in Edmonton last week. Howard has tickets for the big event in Vancouver and we judge from his remarks that sleep is not to receive top priority when celebrations are in full swing.

By now everyone will have heard that Dr. Maclure will be back at the Medical Centre for a six week stay beginning this week Welcome back, Dr. Maclure. It will be a pleasure to see you about again.

Our Australian friend, Glenda Matlock, writes quite often and her letters are full of interesting items about life in Sydney. Her last letter spoke of attending a Liberace concert. Glenda says "Liberace is a real swinger for a fifty two year old man. His clothes are stunning. He wore sequinned hot pants with diamond studded knee socks".

Met Mrs. Fred Cherrington in the University Hospital by chance last week and was pleased to hear that her husband is much better.

On Saturday, November 27th the Anglican Church Women will hold their annual turkey dinner and bazaar in the Elks Community Hall. It is over thirty years since the Anglicans laid claim on the last Saturday in November as their own. In the pre-oil era we looked forward to the event for weeks and nothing was allowed to interfere with attendance. Dinner will be served from 5:30 to 7:30 p.m.

Old newspapers hold a fascination for me therefore when I unearthed five old copies of "The Banner", sat down and read them from end to the other. The papers are about six and one half years old and the things that have happened to our town and its inhabitants in that short time is hard to believe. A full page was devoted to pictures snapped around town by Peter Jacobs in which knee high mud featured prominently. One head line says "Nursing Hom Possible for Drayton Valley" and the accompanying photograph shows Dr. Maclure, Dr. Lewis, Mayor Howard Pickup, Rev. Stratton, Lyle Krauter, Al Braden and Don McKenzie. Does anyone know precisely what happened to that venture? Another long article ballyhooed Klondike Kampers Kamival but who wants to remember that klunker? The prices listed for groceries compared to those nowadays are enough to make any homemaker weep.

The Farewell and Welcome Concert held in the Frank Maddock Junior High School on Saturday was well attended and enthusiastically received. A tip of the fez to Mr. Pierce and all the others taking part.

Installation Service Planned

An "Installation Service" for Rev. Irving will be held in the Church of God on November 28th at 3:00 p.m. Rev. A. D. Semrau will be the guest speaker.

Coffee will be served following the service. Everyone is welcome to attend.

Guide Program Well Underway

The Guiding year for the new term is now well underway under the direction of Captain Deirdre Protsack, Lieutenant Joanne Chenery, and Lieutenant Ona McCarthy who are looking forward to an interesting year.

Tentative plans for the season include a winter weekend camp, a possible trip to Calgary as guests of a Guiding Company there, and several church parades.

The leaders are in need of testers and would appreciate hearing from interested residents of the community. A little help from men for a few small repair jobs would also be appreciated.

Cloth Cutters Plan Events

The fourth meeting of the Camwood 4-H Cloth Cutters was held recently and a new member, Janine Shirvel, enrolled in the club.

Members decided to invite some other clubs to attend the toboggan party they have planned and also made plans for the 4-H banquet.

The meeting was held at the home of Leanne Wollen, with the next meeting to be held at Donna Young's.

Editorial Comment

"Hansard" Proposal

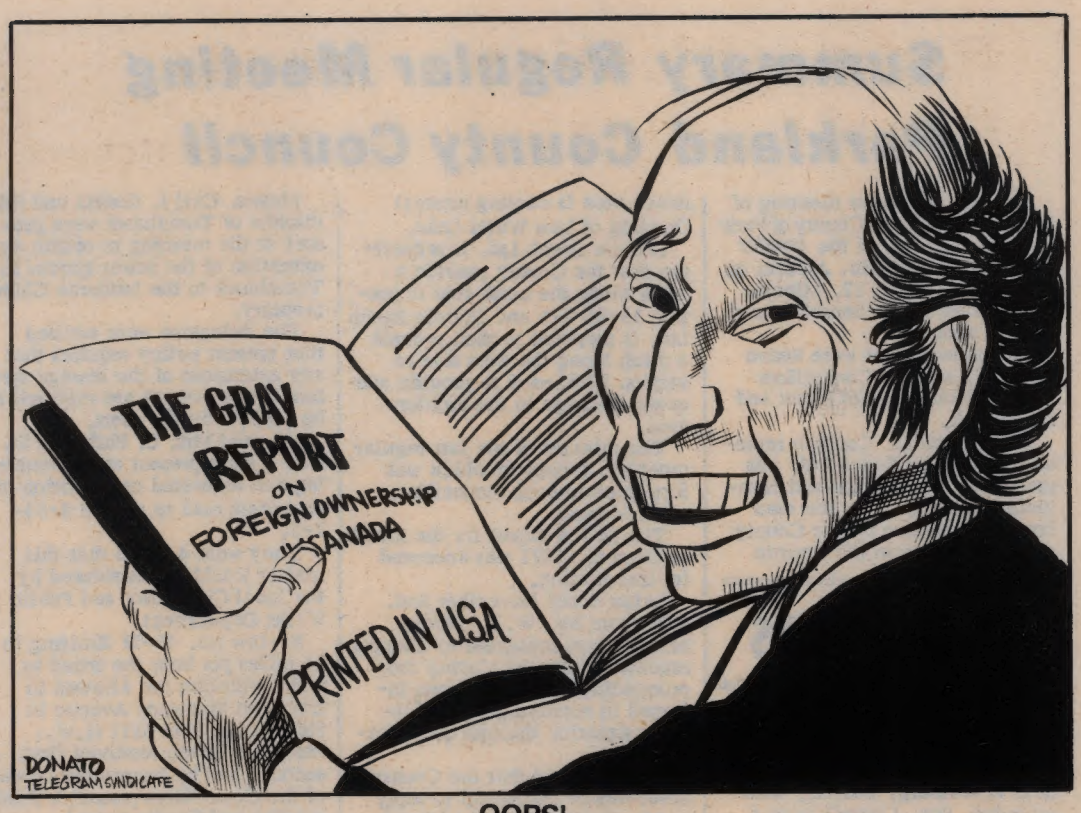
A provincial "Hansard", or official record of proceedings during sittings of the Legislature is under consideration by the Alberta government. An Edmonton economist, J. Peter Swan, has been commissioned to study all aspects of the proposal.

The Hansard proposal has been the subject of considerable debate in the past and Mr. Swan's study should provide M.L.A.s with the necessary information to reach a decision on the question that has been debated in and out of the legislature for many years.

There's a good deal of merit in providing a daily record of the words that fly back and forth across the house. Many people should be interested in obtaining copies by the nature of their work or a simple interest in government in action. M.L.A.s might temper their outbursts in the face of a permanent record of their words. It would also provide them with an excellent method of reviewing activities of the day that could be overlooked during a hot and lengthy debate.

Potential users and costs involved as well as a number of other methods of presenting the legislative picture will be considered in Mr. Swan's report. Live TV and radio broadcasts will be considered along with the possibility of a telephone service so that a resident could hear proceedings at the time of his call or request a replay of a particular speech or debate.

The study opens up a great many avenues for a "new look" legislature. Mr. Swan is very interested in hearing from Albertans who may wish to express their views on the subject. His address is 13904-78th Avenue, Edmonton, Alberta.



OOPS!

Report From Parliament Hill

By Allen Sulatycky, M.P.

Many people have expressed doubts about the advisability of Canada's position on the "China question", which recently came before the General Assembly of the United Nations. It is for this reason that I would like to look briefly at that question in this report.

There seems to be few people who doubt that the recognition of the government of the people of mainland China is desirable. Comprising about one quarter of the world's population, these people not only represent one of the oldest and most established cultural groups on the earth, but indeed a vast and powerful nation that cannot be ignored today.

In knowledge of these facts, the founding fathers of the United Nations not only included China in the General Assembly, but in the Security Council as well, thus recognizing it as one of the "big five" nations who, being as powerful as they are, hold the peace of the world in their hands.

The problem arose not in an argument over whether or not to recognize the government of mainland China, but over which government of mainland China.

A reveloution having taken place a communist government now had the support of the people of mainland China, and the previous leaders had had to exile themselves on the island of Taiwan.

The United States chose to oppose the recognition of the new regime on the mainland by the United Nations, thus not giving its spokesmen "credibility" when they attempted to deal with other nations in the world.

The United States exerted pressure on her allies to continue to recognise the government on Taiwan as being the government of all of China, even two decades after the revolution had taken place, when there was no doubt in any logical mind that the real government of China was in Peking.

Rather than take credibility away from the communist government, as the United States had hoped, this move took credibility away from the United Nations itself. That body, until a month ago, claimed to be a meeting place for the world, while at the same time ignoring one-fourth of its population.

The step the United Nations took was the right one. Canada had encouraged the decision, as well as did many other responsible and peaceful nations. It is interesting to note that all NATO countries voted for the admission of mainland China, (with the exception fo the United S tates).

It is unfortunate that the people of Taiwan must suffer as a result of the pretensions of their government. Because the government in Taiwan claims to represent all of China, and does not, the 14 million people on Taiwan that they do have legitimate claims to represent now have no voice at all in the United Nations. This unfortunate fact is not a re0 result of what had been done by Canada or the rest of the United Nations, But of the reluctance of their own leaders to face the facts

LETTERS TO THE EDITOR

The Editor,
The Western Review

Dear Sir:

It was my privilege, accompanied by another member of the Pembina Oil Field Fish and Game Association, to meet with the County Council on November 12, 1971, to discuss the proposed by-law regarding the discharge of fire arms on all county roads, or discharging fire arms on private land without written permission of the landowners

I would like to say at this time that I was very disappointed with the representation of the taxpayer. However the Fish and Game Associations and the Fish and Wildlife Division thought it was their duties to make their views known. As well as one very knowledgeable elderly gentleman and citizen felt it was his duties to persue the purpose of this bill to all interests both young and old. Firstly there will be a lot of people glad to know county council agreed to table the above mentioned proposed by-law to approximately January 15, 1972.

The feeling I got from this meeting of council members was that some protection should and would be given the taxpayer in certain density areas. Their suggestion was this; that the Fish and Game Association and Fish and Wildlife Divisions and all interested parties come up with some type of solution as how this should be done. In a recent farm paper the Manitoba Wildlife Federation came up with a very sensible and viable idea.

There is no doubt in my mind that if this by-law is the general taxpayers' wish throughout the county it will be passed. Therefore the writing will be on the wall for this trend of a by-law to expand throughout the province. Hence to participate in this sport of shooting as we have done in the past, it will have to be done on a rifle range, or have your hand in your pocket or your cheque book ready every time you want to do a bit of shooting. As it is in some areas of the province on private land.

I presume this will be a very discussed topic at our November 25 regular meeting at the Goliad Safety Hall at 8 p.m.

Let the local club hear from you (or the county office hear your views before the first of the year.

Your fellow sportsman,
M. Grue

The Western Review,
The Editor,
Dear Sir:

Power Toboggan Owners

As fellow owners of power toboggons we regret that some farmer's have experienced damage to granaries, hay stacks, bales, swathed grain and fences.

These farmer's are justly annoyed at the damages that have been done. As they have been kind enough to allow us all to use their fields for this sport we feel that the least we can do is respect their property and encourage our families and friends to act as guardians of the land owner's property.

Remember this property is a farmer's livelihood and damages of this nature could result in No-Trespassing signs being posted

The wreath laying representatives, which this year included many from the Youth Organizations, laying wreaths donated by some of the businessmen.

The support of the Youth of Drayton Valley and area was overwhelming not only those that paraded for the Service, but all the youth who supported the Poppy sales so well. Appears the theme "If you don't remember - Think" was taken to heart by them all. Must offer sincerest congratulations to the many excellent campaign window displays put on by many of the businesses this year.

Approximately 5300 small poppies, 100 large and 74 wreaths were distributed in this 1971 drive bringing in approximately $600.00 when all receipts are in and bills settled. One must also realize the wholesale cost of the poppies the biggest percentage of the wreath cost go to the Veterans still in the hospitals etc. whom are occupied by making them throughout the year.

On behalf of Br. 269, R.C.L. may I say "Thank You" to all the citizens of Drayton Valley and area for your very generous support of this years Poppy Campaign and Remembrance Service - Thank you all so very much.

Yours fraternally,
Patrick E. Turner,
(Br. 269, Poppy Chairman, 1971)

CALGARY POWER

CP/C5

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

Now that Alberta has a premier who belongs to one of the country's old-time parties, the opposition pastime of dredging up federal ambitions for him is bound to become popular.

Premier Peter Lougheed has met no success in his attempts to discourage talk of federal aspirations; partly because the federal Conservative party needs a heir-apparent and partly because as a boy Mr. Lougheed dreamed of becoming prime minister.

The Socreds felt so strongly about this they paid for election campaign ads touting the Conservative leader as a candidate for Bob Stanfield's job.

With Mr. Lougheed now in the premier's office, the game continues. Calgary area Social Credit president Bill Downton has told a Calgary luncheon club that Mr. Lougheed has already launched his bid for the Tory leadership.

It is Mr. Downton's theory that Mr. Lougheed has deliberately expanded the premier's office staff to five as a means of collecting personnel with whom he can wage a successful federal leadership campaign.

"A premier can't by any stretch of his imagination use five executive assistants for Alberta business, but these would be useful in a federal campaign, Mr. Downton said.

The Socred is, of course, assuming that Mr. Stanfield will be unsuccessful in the election Prime Minister Trudeau will probably call sometime next year. He expects the Nova Scotia Tory to relinquish power after losing a second election.

Mr. Downton feels that if the Tories choose a new chief in 1973 Mr. lougheed will have to make his move then because the next Tory leader might hang around until 1981, when Mr. Lougheed would be a much less desirable 53.

Not only is Mr. Downton predicting bigger and better things for Mr. Lougheed, he is even pointing the finger at Dr. Hugh Horner as his successor.

All this is vaguely amusing, but represents questionable tactics on the part of the Socreds. For one thing, the Tories have been so busy organizing their new administration, any thinking Mr. Lougheed is doing about the prime minister's job would have to be in his sleep.

And the question of whether Albertans really care if their premier has higher ambitions is a moot one.

Mr. Lougheed, for his part, toppled the Socreds by spending six years concentrating on provincial affairs, not his opponents' ambitions.

If the Socreds hope to stage a comeback, they might find some lessons in this winning strategy.

Wildwood Girl Wed In Edmonton Ceremony

On Saturday, October 23rd, 1971, at 3:30 p.m. the Holy Trinity Anglican Church 101 Street, 84th Avenue, Edmonton was the scene of a lovely fall wedding when Audrey Beth, only daughter of Mr. and Mrs. N. F. Babcock of Wildwood and Mr. Peter Kyfiuk, youngest son of Mr. and Mrs. John Kyfiuk of Vegreville were united in marriage.

The double ring ceremony was performed by Dr. Leadbeater assisted by Canon Crawley before an alter flanked with two bouquets of white and blue carnations. Music was supplied by the church organist.

The bride given in marriage by her father looked radiant in a semi-gathered floor length gown with empire waist, a small stand-up collar, long full sleeves with wide cuffs, and a long train which fell from the shoulders, all was trimmed with lace over satin ribbons, her four tiered elbow length veil was held in place by a flowered head piece, trimmed with lily of the valley. She carried an arm bouquet of deep red roses. Her attendants were Miss Lenora Hanson, friend of the bride of Edmonton; Mrs. Theresa Chopko, friend of the bride from Wildwood; and Miss Linda Blackford cousin of the bride from Edmonton. They wore identical blue floor length satin gowns with nylon overlay empire waist small stand up collars, and long full sleeves with wide cuffs, also trimmed with embroidered lace. They were wide brimmed nylon hats to match with a band of white and blue starlet velvet flowers, and carried baskets with matching flowers.

The best man was Mr. David Mativie, friend of the groom from Vegreville. Groomsmen were Mr. Gary Pecush and Mr. Gary Walker, friends of the groom from Edmonton. Ushers were Mr. Frank Babcock, brother of the bride; and Mr. Pete Kaminski, brother-in-law of the groom, both of Evansburg.

The brides mother, Mrs. Babcock chose a coral fortrel suit with matching corsage and white accessories. The groom's mother, Mrs. Kyfiuk chose a blue dress with matching corsage and accessories.

A reception for approximately 300 guests was held at the Coral Banquet room 118th Avenue and St. Albert Trail, which was decorated with white bells and white and blue streamers. The brides table was centered with a beautiful four tiered cake decorated with red roses. The top featured a lace heart with a bride and groom with red roses all to match the brides bouquet and silver leaves with white doves and a silver ring, flanked by two red rose candelabras. The guests' tables were centered with vases of fall bouquets.

Canon Crawley of Edmonton said grace. Mr. John Ohnesty of Wildwood capably handled the duties of Master of Ceremonies. The toast to the bride was given by her uncle, Mr. Lewis Babcock of Fort McMurray, to which the groom ably replied. Followed by a dance to which the Ohls Band of Mayerthorpe and Edmonton supplied the music.

For going away the bride chose a navy fortrel pant suit with red accessories and matching corsage. The happy couple left on their honeymoon Sunday night and motored through Montana, Nevada, Idaho, California to San Francisco and then retumed via B. C. The happy couple will reside in Edmonton where both are employed.

Out of town guests were from B. C., Wildwood, Evansburg, Drayton Valley, Entwistle, Magnolia, Stony Plain, Fort McMurray, Lloydminster, Sherwood Park, Edmonton, Vegreville, Consort, Holden, Wainwright, Two Hills, Ranfurly, and Myrnan

HART CANTELON

Readers wishing to write to Mr. Cantelon are invited to do so. All letters to be forwarded to Hart Cantelon Counselling Services Ltd., 1600 Cambridge Building, Edmonton. Please include a stamped self-addressed envelope to ensure a reply.

Dear Mr. Cantelon:

My problem is not unique to the world, but to me it's a "big bear"! I'm 48 and my husband is 49. We have been married 24 years. Throughout this period it has been bickering over small things and resulting heart-break. A year ago he took off to the city with his lady-friend and lived there six months. The tears and the sorrow I experienced need not be expanded upon. When he came back, I thought perhaps he had grown up. I took him back as I have taken my marriage vows seriously. He laughed at me. Now we're back to the same old routine - he goes bar-hopping and chasing his women. And I can't keep my strength up so I've grown bitter and aloof. We have two at college, but the hurt on their faces is unforgivable. Yet they are good kids. I teach. We have a beautiful home, but all is for naught. I'm terribly distraught and losing weight, and feel that I have no right to enter a classroom. Those children deserve the best and not a spineless pushover like I've been. I went to a lawyer and was only three weeks away from a divorce, but in my heart felt that something could be salvaged, so didn't go ahead. Each week my husband goes hunting with his mistress, as he has done every fall. Are they waiting to see me crack up? Do I need help? It's terribly lonely here alone, when he's not here and maybe that's why I have been afraid to make a stand. My family as well as his are heart-sorry over all of this. But he doesn't see it. He's bold and arrogant and doesn't care what people think or care. He says he owes no one anything.

Dear Distraught:

In marriage it takes two to live up to a commitment. One can't do it alone. Your husband wants out, and has been telling you this all along by his actions as well as his words. But you aren't listening. Read the letter you wrote to me once again and then go back to your lawyer and have him perform the commital over something that is already dead.

Dear Mr. Cantelon:

I was married about a year ago. Last fall I left my husband. When talking to my lawyer such terms as "marriage breadkown" and mental cruelty" were used. But apparently according to the new Divorce Act these terms can be applied only when a spouse has lived with the husband for at least six months. At present, we are separated but neither has signed any legal documents. Because of this marriage problem I had a nervous break-down and am still on medication to help my emotional condition. On account of my health I am not able to continue in my profession as my job requires me to pass a stringent medical examination and to be in top physical and mental condition So I am not only living alone, but I am unable to earn my own living. Is there any way in which I can secure some kind of allowance from my husband.

Dear Desperate:

First go back to your lawyer and talk these matters through. If you have no money for fees, then, make application to the Needy Litigants Committee at the Court House through the Clerk of the Court House. Should there be no possibility of your husband supporting you under the circumstances outlined, then seek out a case-worker at the Department of Social Development of the Province or the City where you are a resident. Try to make arrangements through this office and Manpower to re-train yourself for employment in some area where such strict physical requirements no longer apply. Your previous experience in your profession should stand you in good stead in the eyes of a prospective employer, and the government agencies mentioned will be able to help you prepare for this event until a good job comes along.

WHAT ABOUT THE STATUS OF WOMEN IN CANADA?

Status of Women and Women's Liberation and Women have it pretty soft now, why should they be complaining. This is often the immediate reaction when the topic of the Royal Commission on the Status of Women is brought up in a conversation.

The recommendations and back ground for the Report are published in the book "Report of the Royal Commission on Status of Women in Canada". A shorter edition is available entitled "What's In It". Both are very readable. Summaries are contained with the recommendations and a brief back ground giving insight to the recommendations.

Information meetings on the Report were held throughout Alberta sponsored by the Women of Unifarm. Were you able to attend one of these sessions?

WHAT THE REPORT FOUND

After all the hearings, the Commission found that problems existed in four main areas: Social life in Canada; Education for women; Employment and labor; and The law or legal area.

The Report is a picture of Canadian Society. It enquires into the place of women in society and the attitudes that exist among both women and men that prevent women from full participation. The Commissioners' view is that men and women should have the same rights; same freedoms; and share the same responsibilities.

RECOMMENDATIONS

The Report contains 167 recommendations. These are based on the general principle that everyone is entitled to the rights and freedoms proclaimed in the Universal Declaration of Human Rights. The full use of human resources in the National interest. There should be equality of opportunity to share the responsibilities of society as well as its privileges and perogatives. Women Should be free to choose whether or not to take employment outside their homes. The care of children is a responsibility of mother, of father and of society. Special treatment related to maternity will always be necessary.

The Commission did not just protest. With every recommendation were one or more ways the recommendation could be carried out.

The Commission wants for women no special status, only equal status. It is their view that men and women should have the same rights, the same freedoms and share the same responsibilities. There is a copy of the Report available at most Libraries and Bookstores. If your group would like a meeting to acquaint yourself with the Report, contact me. In the meantime, why not have a look at the Report?

PARKCOURT NEWS

Mr. Fred Fausak spent three days in Calgary attending a convention this week. Also congratulations to Fred on winning the citizen of the year award.

Mr. and Mrs. R. Lutz and family are now renting the home from Kurt Fausak which was formerly occupied by the Brunets. Mr. Lutz is a school bus driver on one of the north runs. We take this opportunity of welcoming them to the district.

The regular meeting of the Gay Gatherers was held at the home of Mrs. Mary Paulduro. Final plans for the annual dinner were made which will be held in the hall on Sunday the 28th. Everyone is welcome to attend so watch for posters. The ladies also received their bazaar materials, made plans for writing a cook book and discussed the possibilities of making name sign posts for their gates. Louise Paulduro won the hostess prize.

Miss Kitty Stewart is now enjoying a week at home after her trip to Switzerland.

Now that the hunting season is over for another year we can sit back and enjoy the stories. Game was plentiful as many men have filled their deep-freezes with either deer or moose and we've heard one report of a bear being shot.

The community held a work bee at the hall on Sunday. A good number of men turned out and the ladies helped them in their efforts and prepared lunch. We thank all those who came and helped in any way.

New Milk Plan to be Discussed at Evansburg

Stability in the dairy industry is now possible and producers have the opportunity to bring it about, according to Charles Quail, chairman of the Alberta Committee on Milk Market-sharing.

A market-sharing plan proposed by the committee is to be discussed at a series of producer meetings, to be held throughout the province during the next few weeks. One of the meetings is scheduled for the Legion Hall in Evansburg on December 2nd at 8:00 p.m. Another is scheduled for Moose Hall in Wetaskiwin on December 6th.

Mr. Quail says the proposed program for market-sharing quotas of industrial milk is designed to balance milk production to the domestic demand for industrial milk products.

"It is a program of national supply-management which can lead to better prices and a more fair distribution of export costs", he states.

Two quotas would be involved under the proposed M.S.Q. program. One is the Subsidy Eligibility Quota allocated by the Canadian Dairy Commission to shippers of industrial milk (or cream) registered with the Commission. The other would be the Market Sharing Quota. All shippers of milk destined for manufacturing purposes would have a M.S.Q. but only those industrial shippers registered with the Commission would have a Subsidy Eligibility Quota.

Market-Sharing Quotas would be established on the basis of a producer's total shipments of manufacturing in the 1970/71 dairy year, or his present Subsidy Eligibility Quota - whichever is the greater. A minimum M.S.Q. will be established for all fluid producers at a level equal to 15 per cent of his fluid quota.

The market share program for industrial milk would establish a three-price system:

Domestic price with full rate of Canadian Dairy Commission subsidy for milk shipped within Federal Subsidy Eligibility Quotas; Domestic price without Canadian Dairy Commission subsidy for milk shipped within the M.S.Q. but in excess of Federal Subsidy Eligibility Quota; and World price for milk shipped in excess of M.S.Q.

The Alberta Committee of Milk Market-sharing, established approximately two years ago, includes Peter Wadman, president of the Central Alberta Dairy Pool; F. R. McCalla, secretary-manager of the Alberta Milk Producers Association; S. H. Thomas, chairman of the Alberta Milk Control Board and Dairy Commissioner R. P. Dixon. Committee chairman, Charles Quail is Vice-president of the Northern Alberta Dairy Pool.

Wildwood Club Seeks Members

The Wildwood Booster Club is anxious to have more people become members of the organization. A meeting will be held in the main portion of the Community Hall on November 25th, at 8:00 p.m. Please come so you can find out what the aims of this club are, and to support it in whatever way you feel you can.

A donation of a pie once in a while for the monthly bingo would be appreciated but if you are interested and can participate actively this would mean a great deal, in that any responsibilities can be shared and not fall on the shoulders of the few.

The Walkathon and raffle held on October 31st was a real success. It is hoped to make this an annual affair with a total miles being the challenge between Evansburg and Wildwood. The club netted a total of $311.80 from the Walkathon, $31.05 from the raffle, and $40.00 from the Pot Luck supper.

Thanks to Mrs. Williamson for the seascape which she donated to the raffle and thanks too, to the Ladies Aid for the donation of the rent of the dishes for the Walkathon lunch and for the supper. We appreciated all your support in this project.

Mr. Marcotte from Evansburg won the seascape and was very pleased. This was the first prize he has ever won.

At the November 12th bingo, the Booster Club representative, Mrs. Marie Hanson presented a record player to the playschool, with Mrs. Vi Lemishka receiving it on their behalf. Mr. Henry Reimer, Vice-chairman of the Library Board accepted a cheque of $50.00 on behalf of the Library. Another cheque of $50.00 was given to the Recreation Board, specifically for the skating rink. Mr. Moore accepted the cheque on their behalf.

Thanks also, to Jim's T V Service for his advice and assistance in the purchase of this sturdy record player for the playschool.

SOME COLD FACTS!

WHERE SHOULD A FOOD FREEZER BE LOCATED?
The ideal location is a dry wall, well-ventilated level place which is maintained at room temperature. The freezer should be plugged into a single circuit appliance outlet.

UPRIGHT OR CHEST-TYPE?
Uprights take less floor space and give easier access to the foods than chest freezers. The chest model retains cold slightly better than the upright because of its top opening lid. The lid can serve as a handy extra work surface. Uprights are more convenient for storing flat packages; chests make the best storage for big bulky foods like roasts and poultry.

WHAT SHOULD BE DONE WHEN THE FREEZER STOPS?
If the freezer becomes inadvertently disconnected, the door should be kept closed. If the freezer is full, food will remain frozen for two to four days. Dry ice may be added to keep the food frozen.

IF THE FOOD IS PARTIALLY THAWED, CAN IT BE REFROZEN?
If the door still contains ice crystals and is still cold, it may be refrozen. If food is completely thawed but still cold, it should be used as soon as possible. It can be used immediately or frozen once it is cooked. If it has thawed and is warm to touch, it should not be used.

WHAT CAUSES THE DRIED OUT APPEARANCE OF FROZEN FOODS?
This condition is known as freezer burn, caused by improper packaging of foods to be stored. It is not harmful, but flavor and texture may be altered. To prevent freezer burn be sure to use moisture-vapor-proof containers and wrappers. These will keep the moisture in and the air out, thus retaining flavor and quality of the food.

HOW OFTEN SHOULD A FREEZER BE DEFROSTED?
A build-up of frost on the walls of a home freezer reduces the efficiency of a freezer. It should be removed when it is 1/4-inch thick. Defrosting once or twice a year is recommended. The frost-free freezer does not require defrosting but it should be cleaned occasionally especially if there has been any spillage.

Wabamun W.I. Plans Annual Christmas Dinner

The Wabamun W. I. meeting was held at the home of Mrs. J. Stafford on November 10th with twelve members and two visitors present.

Plans were completed for the Senior Citizens' and the member's husbands dinner which is to be held on December 12th. Arrangements for the entertainment is being made at the present time.

There was a demonstration of homemade Christmas decorations by Mrs. W. Kosik and Mrs. R. T. Ward, which was very interesting. It is surprising what can be made out of next to nothing and be so pretty.

The different committees gave their reports. We were very pleased to know that Wabamun W. I. won the trophy for the most points for their handicraft at the Handicraft Tea which was held in Stony Plain on October 28th. A donation was given to the T. B. Christmas Seal Fund. The tea prize was won by Mrs. H. Miller. A lovely lunch was then served by the hostess, Mrs. J. Stafford and the co-hostess, Mrs. R. M. Watt.
